Participants should be aware of and accept these risks,
and be responsible for their own action and involvement".

Copeland Canoe Club is:
affiliated to British Canoeing, No. 954
a British Canoeing Quality Mark Club
a Clubmark Club
a Community Amateur Sports Club, No. CASC 00884

Visiting us...

We are pleased to welcome visitors to the club. You are welcome to come along to our events and pool sessions for up to 4 visits at the trial cost of £6.00 per person per session. This covers the cost of boat / equipment hire and pool use.

However in order to make sure that we and you are covered by our insurance policy we need you to give us some personal details. We ask all who visit to let us know (in confidence) of any any disability or medical problem which might affect them whilst canoeing. Age of juniors- we normally say that juniors should be at least 10 years of age: if they are with a paddling parent / guardian they may be aged 8 or 9 - however we reserve the right to check that they are confident swimmers (for their own safety) before accepting them as members.

We take your privacy seriously: any personal data we ask for is for legitimate purposes: it is used to help ensure your safety and administer your activities whilst with the club, any data shared with British Canoeing is used to make sure you are insured while taking part in club paddling activities.

We assume that you can swim a minimum of 50 metres.
If you can't we can help by providing a buoyancy aid.

It is the policy of Copeland Canoe Club that all paddlers, volunteers, coaches and parents show respect and understanding for each other and conduct themselves in a way that reflects the principles of the Club.

The aim is for all paddlers to have fun and improve their performance.

Everyone involved in the Club should abide by the Club Rules and Policies.

The Club subscribes to the BC Code of Conduct with regard to young people and vulnerable adults: the club officers to contact if you have a problem are Joe Stalker or Estelle Kay.

Any information given to us will be treated in confidence and will be deleted after the end of your fourth visit unless you join the club when it will be needed for your membership. For more information please see our privacy statement on our website.

Club Code of Conduct (part)

- Treat other Club members with respect at all times – on and off the water – treat other paddlers and water users as you would want to be treated yourself.
- Paddlers must wear suitable kit for paddling as agreed with a coach. This includes buoyancy aids if they are deemed necessary.
- Take care of all property belonging to the club or club members - and be responsible for caring for your own equipment and clothing.
- Co-operate and listen to your coach or Club officials
- Control tempers and avoid behaviour which may inconvenience or upset others.

Medical Note: The medical profession takes the view that a parent's consent to medical treatment cannot be delegated. This view is explicit in the Children Act 1989. Thus medical consent forms have no legal status and a doctor/nurse insisting on the consent of a parent to a particular treatment has the right to do so. For this reason, it is not recommended that the Club insist on parents signing this statement. However, it can be a comfort to medical staff to have general consent in advance from parents or to have a Coach on hand able to sign forms required by medical authorities.
