

Copeland Canoe Club - Workington
“Estuary” directions. A bit difficult!

From the N: take the A596 then A597 at the Northside roundabout signed Town Centre. Go over the river, straight on at next roundabout, turn R at the Junction for superstores, follow round till you go over the railway line, then turn R

Launch from here, there is a “pepperpot” beside a layby.
Old railway line

From the South / Whitehaven: Follow A595 and A597 to the Clay Flatts roundabout, turn L here. (Heading for Morrisons /B&Q etc.) follow straight on to a T-junction, turn L. Follow this over the remains of railway line and turn R. Beware road bumps!

From the East: A66 then A596. Go over the river, at Northside Roundabout take the A597 back over the river, thence as from North.
